Here's a story about a stupid girl
I don't even know her name
Makes no difference to me now, they're all the same

I'm broke, I'm starved, I can't get a job
I find a girl who I practically rob
She thinks I'm cool 'cause i'm in a band
But I'm just loser with no friends

Grow up and get some self-esteem
While you're at it get away from me
Oh josh I'm your biggest fan
I'm just a dumb guy in a stupid band

In my mind and in my soul, I feel my fall
I swear I'll call
