Porhaet, kryl'ya naruzhu, zachem-to ya yemu nuzhen.

Sledit v glazok,

I v temnote svetit svetom, no vsyo prihodit otvetom.

A etim letom uletel amigo i vypal sneg,

No mne kazalos' on skazal "ya migom, I'll be back!"

Letit moya dusha

Na krasnyi svet, na chernyi den',

Solnca belyi shar -

Zakryl na mne ot kryl'ev ten'.

ey, nu kak ty mog, moy AngelOK?

AngelOK

Stoit za pravym plechom, i kak budto by ne pri chem.

Rot na zamok,

A yesli kliknu tri raza, on proyavlyaetsya srazu.

No snova faza, kogda manyat zvezdy, i ya molyus',

Mne ne kazalos', i skazal moy kryostnyi "ya vernus'!"

Serafim - shestikrylyi gid,

Angel-predohranitel', moy satellit,

Angel-putevoditel', angel-didzhey,

Angel OK, angel-ognetushitel'.

No smotritel' ne dosmotrel,

Lyubitel' lyubil, vzyal, uletel

V astral, propal signal gde-to v zvezdah,

ya zval, no bylo pozdno i ya tebya poteryal...

Mog, da ne pomog moy angelOK
