OPEN YOUR EYES

Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you

Mass hysteria  
Giving away  
Poor translations  
Feeding the hate

Do not attempt to  
Adjust your reception  
Interpretation  
Has blocked you all out

When there is no one left to believe  
Look inside yourself and be set free  
Begging on my knees  
Screaming absolve  
Fear continues  
Laugh at us all

No  
No  
No

Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you  
Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you

Claustrophobia  
Making me hate  
Communications  
Continue the trait  
I am your father

Your sister

Your brother  
I'm killing your mother  
While blocking you out

When there is no one left to believe  
Look inside yourself and be set free  
Begging on my knees  
Screaming absolve  
Fear continues  
Laugh at us all

No  
No  
No

Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you  
Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you...  
Truth is inside of you...  
Truth is inside of you...

Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you  
Open your eyes  
Open your eyes  
Open your eyes  
Truth is inside of you  
Truth is inside of you  
Truth is inside  
Of  
You  
You  
You
