Happiness for misery, I want it
Cut me up and leave me for dead
Sacrifice a simple life, no return
Kiss the wife and kids goodbye for good

Come on, beat me
I'm not a man
Go on and kill me
Condemned

Use me as a chemical, I'm burning
Love me like a suicide, come in
Treat me like an animal, I like it
Put me on my leash again, your pet

Suck the soul right out of me, don't need it
Happiness for misery, dig in

Come on, beat me
I'm not a man
Go on and kill me
Condemned, damned

Condemned

Happiness for misery, I want it
Cut me up and leave me for dead
Sacrifice a simple life, no return
Kiss the wife and kids goodbye for good

Come on beat me
I'm not a man
Go on and kill me
Condemned, damned
