I've reached the end and I don't know
What I believe in anymore
There's something crazy
Running wild inside my brain

I've seen the truth become my lie
Relive my shame, swallow my pride
I've crossed the line
And I know there's no turning back

You kiss away all of my pain
You wash away these bloody stains
You are to blame my suffering
My, my, my suffering

You kiss away all of my pain
You wash away these bitter stains
You are to blame my suffering
My, my, my suffering

I've seen the devil in a smile
I found salvation in a vial
My happy ending exists

Only in my dreams

You kiss away all of my pain
You wash away these bloody stains
You are to blame my suffering
My, my, my suffering

You kiss away all of my pain
You wash away these bitter stains
You are to blame my suffering

My suffering

You kiss away all of my pain
You wash away these bloody stains
You are to blame my suffering
My, my, my suffering

You kiss away all of my pain
You wash away these bitter stains
You are to blame my suffering

You kiss away all of my pain
You wash away these bloody stains
You are to blame my suffering

My, my, my suffering
My, my, my suffering
My, my, my suffering
My suffering
