I was new on the scene

With one look we agreed

In the past we'd been wrong

We'd both been lonely for so long

You ask me do I want to and I said yes I want to

My hand in yours and off we go.

I lie before you

I lie just for you

I lie for everyone.

My acts defy you

My thoughts give lie to

My love for everyone.

Sting of days on the town

Coy admissions of doubt

String of nights in repose

My dear, where did that lovely smile go?

Because you asked me do I want to

And I said yes I want to

But what I meant was I don't know.

Now you say I don't know you

And I say I don't either

We turn away and off we go.
