When loving you is easy  
They why do I feel twisted cupid

I'm lovin' you lover like  
You've never been loved before  
So take a chance on me, baby open your door  
I'm feeling it lover like I never felt before  
I wanna close my eyes and wish for more  
But I'm seeing the truth  
Like I've never seen it before  
I'm the shadow of a woman  
That you can't ignore  
I could understand how it once your days  
But she's the mother of your child  
And she's gone away

When lovin' you is easy  
Then why do I feel twisted  
When lovin' you is easy  
Then why do I feel twisted cupid

You're lovin' me lover like  
I've never been loved before  
I'll take a chance on you, baby open your door  
Cause I can be the rock that you need me to be  
When it's her that you see  
When you're looking at me  
You say the past is the past the future is bright  
But you're tossing and you're turning  
In your dreams at night  
Well I can understand how you can't escape  
The regret and misery of your mistakes

When lovin' you is easy  
Then why do I feel twisted  
When lovin' you is easy  
Then why do I feel twisted cupid

La la la la la la la la  
Twisted lover  
La la la la la la la la  
Twisted cupid

La la la la la la la  
Oh, baby  
Stop me from feelin'

La la la la la la la  
Twisted lover  
La la la la la la la  
Twisted cupid  
La la la la la la la  
Oh, baby

Lovin' you  
Is easy  
Why do I feel twisted cupid
