Feat. M Swiss

[Intro & Chorus: John Legend] (Slum Village & Kanye West)

I'm callin (Yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (Yeah maybe I'm selfish)
Y'all my, ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (yeah) no one (yeah) but me (yeah) baby

[Verse 1: T3]

To my thick chicks down in Texas
All the way to New Orleans where the girls cook catfish
And in LA every chick's an actress
Hollywood status with the shaded glasses
To Detroit, yeah the place that I rest
Where the ladies got ass to sell a lot sex
And Hot Atlanta y'all is one of the best
Where they speak southern and slang and smoke la
cess
And New York women are way too fresh
Too much on your mind let me ease that stress
I wish you all were mine it's so selfish
Maybe I'm feelin myself too much I guess
But, to my ladies all across the globe
In small towns that I don't even know
To all local international codes
Whether you see me in streets or catch me at shows,
I'm callin...

[Chorus: John Legend] (Slum Village)

I'm callin (yeah maybe I'm selfish)
Out to (I want you to myself I can't help it)
All my (yeah maybe I'm selfish)
Y'all my ladies and I can't (maybe I'm selfish)
(I can't) Let you (let you)
(I want you to myself I can't help it)
Be with (yeah) no one (yeah) but me (yeah) baby

[Verse 2:Baatin]

What up Pam how your little man doin in New Jersey
Last I heard he caught the flu and you was worried
Hope he feels better, and thanks Jonetta from
Cleveland

For that good head in your Jetta better believe it
Shanice you're my piece from Compton
Before I mark the plane make sure you cop them trees
to spark up

Danielle ATL got them pictures in the mail
You sealed with a kiss and you send it with Chanel
You lookin good in that one showin off your body
Had a Beverly Hills mami that would buy me Cardi's
Take me to after parties her name was Carrie
And it sucks that we didn't keep in touch I'm sorry
But, hey Kim how's Minneapolis?
You so pretty hate to show off your titties for silly
classes

Cause I love you girls though you ain't mine
I wish my arms was long enough to hug you all of the
same time

[Chorus: John Legend] (Slum Village)

I'm callin (Yeah maybe I'm selfish)

Out to (I want you to myself I can't help it)

All my (Yeah maybe I'm selfish)

Y'all my ladies and I can't (maybe I'm selfish)

(I can't) Let you (let you)

(I want you to myself I can't help it)

Be with (Yeah) no one (Yeah) but me (Yeah) baby
