We gone' bounce around like this

Smash

Everything, women wiggle that ass

All my niggas analyse the color contrast

Live parallel, bound, shake control that ass

Hocus...Pocus...Focus

Smoke this watch Busta Rhymes the dopest

Hit y'all niggas with the bomb diagnosis

Slum Village hot shit and you know this

Now at dates we talk funny and floss money

Chippie shot that whip down when the day's sunny

Busta Rhymes and Slum Village will make a Pilgrimage

Run Detroit all the way back to the Brooklyn Bridge

Black bats and as the crime rhyme spray in my max

Spendin my wax

I'm Feelin' one time

Blow your mind, shine, blind all y'all at the same time

Regulate chickens I always come and take mine

[T3]
Yo
Live on wax
With the extra raps
See the S been doin' this shit since way back
Say that, when it comes to rap
We got a nack for that
And for that we brag
And so we rap
For this lucretive stack
Grippin the phat Caddilic
With the diamond back
If you was to ask me where it's at
Said it's all about the cheese and these SV cats
On a real
Real Detroit rap
Player haters get the actual finesse it lacks
Either words you speak can get you caught in a trap
Don't write your own raps let somebody else do that
That's word up
