Inside out and upside down  
Who qualifies to try to judge me now?  
Love is what grows off the synthetic happiness  
I wear a warning sticker that says "Health To The  
Hazardous"  
If all of Minneapolis fell into that River  
It wouldn't disturb a word that I deliver  
I found my confusion  
I lost your religion  
The analyst I is am  
Corrupt the optimism  
From the dock I fish in  
? the worm a hook  
Write another piece and read another book  
Once upon a time there was the end  
Do you mind if I steal this pen?  
I'm not as big of fan as I once was  
I gotta learn to respect that lunch buzz  
Such and such  
And nothing much  
What the fuck girl I'm thinking that we should couple up  
So here I stand from the outside in  
Tryin' to recall how I swam to this island  
I wonder if I was to scream til my voice quits  
Would they let me push the buttons?  
Would they let me hold the joystick?  
Well, maybe  
If I acted a little crazy  
They would play me  
And they would feed me to their babies  
I can't help but laugh at everything I cry about  
Cause I've been staring at myself from the inside out  
Well who's that knockin' on my head so early in the  
A.M.?  
It must be the landlord, I'm late on my payment  
Or maybe it's my ex cause I owe her some affection  
It's probably the department of corrections  
Cause I've been doing it wrong for too damn long  
Chewin' on a soggy blade of grass  
Put the money in the bag and make it fast  
Cause can't none of y'all fools save my ass  
How can I hold if I don't know what I hold

The outsider tryin' to climb out of the cold  
Time and time again I question the answer  
Cause the soldier always falls in love with the dancer  
I can't play past it  
The truth hurts  
Wanna rock the boat  
But I wanna rock you first  
So if I meant to say everything that's in my mouth  
I'm gonna start right here from the inside out
