Straight through me again
My own friends may get hurt
And it cut me so deep
That it bled through my hands
Im going back to the man with the bottle, yeah
Im going back to man with the bottle in his hands
Don't know what I want, but I want it now
I don't know what I need but I need it now
Save me
Just to break me
And you want me again
But I pretend not to care
And you struck me
To be perfectly unprepared
Im going back to the man with the bottle, yeah
Im going back to man with the bottle in his hands
Don't know what I want, but I want it now
I don't know what I need but I need it now, yeah
Save me
Just to break me
