First she took him to town  
But the reason for this was not found  
And before he even wanted to cry  
She said: summer days go by

Next she showed him around  
Let me introduce and glad that I found  
But the harder he wanted to try  
She said summer days go by  
Would you please identify  
There's no time to cry

It was easier  
When he ran away  
Almost every day  
No talking - no say  
It was easier  
When he tried to hide  
So deep down inside  
And turn out the light

It's birthday coming around  
But the people for this were not found  
And before he could fall on the ground  
She said summer days go by  
Would you please identify  
There's no time to cry

It was easier  
When he ran away  
Almost everyday  
No talking - no say  
It was easier  
When he tried to hide  
So deep down inside  
And turn out the light

So much easier  
When he used to run away  
Just like yesterday  
Like a child

So much easier  
When he used to hide a while  
Behind a smile  
Just like a child

No, he couldn't believe  
That his girl was a thief  
Who was taking their memories away  
Nothing's determined to stay

It was easier  
When he ran away  
Almost everyday  
No talking - no say  
It was easier  
When he tried to hide  
So deep down inside  
And turn out the light  
So much easier  
When he used to run away  
Just like yesterday  
Like a child  
So much easier  
When he used to hide a while  
Behind a smile  
Just like a child  
So much easier  
When he used to run away  
Just like yesterday, like a child  
So much easier  
When he used to hide a while  
Behind a smile  
Just like a child  
So much easier  
When he used to run away  
Just like yesterday  
Like a child
