And Ive seen all I need to see
And Ive known the fact you cheated me
And Ive seen everything youve seen (yeah)
And Fresh thoughts always seems to be
Its not what's inside of me
I can't touch anything youve seen (yeah)
She waited
I never came
Oh and she waited {x2}
And Ive seen all I need to see
And Ive known the fact you cheated me
And Ive seen everything youve seen (yeah)
She waited
I never came
Oh and she waited {x4}
Undecided {x4}
And Ive seen all I need to see
And Ive known the fact you cheated me
And Ive seen everything youve seen (yeah)
