Weçƒ-e universal and weçƒ-e blessed weçƒ-e grown  
up well I must confess which makes us better than the  
rest weçƒ-e always happy and amused weçƒ-e open-  
minded while we chose weçƒ-e intellectual confused -  
weçƒ-e so confused weçƒ-e hungry - though we have  
to eat weçƒ-e thirsty - we can find no sleep weçƒ-e  
angry - though weçƒ-e looking sweet we stay  
untouchable and strange and though we try to make  
things change weçƒ-e far too boneless to arrange we  
look so peaceful all the time and though weçƒ-e  
dangerously unkind weçƒ-e used to look like we  
donçƒ~ mind - like we donçƒ~ mind weçƒ-e nameless -  
though we have a home weçƒ-e painless - and weçƒ-e  
all alone weçƒ-e aimless - though we have to roam  
weçƒ-e universal weçƒ-e universal weçƒ-e universal so  
universal - and it will always be like this we stay  
indifferent and weçƒ-e blessed we think weçƒ-e better  
than the rest weçƒ-e always thoughtful and depressed  
weçƒ-e nameless - though we have a home weçƒ-e  
painless - and weçƒ-e all alone weçƒ-e aimless -  
though we have to roam weçƒ-e universal weçƒ-e  
universal weçƒ-e universal just universal
