From ancient times to the present day
there have been those who have favour[?]
B:["as it may."
so driven by the will to posses
have pursued it to the very ends of the earth

ahhh-oh oh, ahhh-oh oh

the answer intuit enters into us
the answer intuit enters into us
as the wheel spins and turns
from the words I seem to have learned
the answer intuit enters into us
fortune smiles upon our heads
seeing the way we cling to the wall and wait
how we believe, we seem to forgive and forget
immersed in the security of our view of our world
there are those
of you and I
barren waiting places and empty skies
they're a piece of our ways
through the silent account
they will leave behind the volumous [?] of a faceless
child
D:[^ dreams]
ahhh-oh oh, ahhh-oh oh

the answer intuit enters into us
the answer intuit enters into us
as the wheel spins and turns
from the words I seem to have learned
the answer intuit enters into us
fortune smiles upon our heads
see the way we cling to the wall and wait
how we believe, we seem to forgive and forget
immersed in the security of our view of our world
fortune smiles upon our land
fortune smiles upon our heads
