I still love you. is that too much for you to take? an old
friend told me that you have to fight for what you want.
i could see the look in his eyes that night. the hidden
message behind them. (i live and breathe the pain) i
picked the dull way down. (i pretend) why don't you
understand? (i have my second wind now) why wont
you hold my hand? (i miss you) i gave you my life.
(even with the lights on) that's the best information
since i hurt you last. (i remember you, i hope you do to)
give me one more chance. it's been a long time maybe.
i was thinking. you keep clapping while i sit by the tree.
thank you for the warning.
