I'm burnt out  
Like a corpse in a campfire  
All I got is time  
There is something  
In the eyes of a child  
It may rust and fade  
But it can never die  
If I knew then  
Everything that I know now  
I'd never blink again  
I'm caught in a nose dive  
No one escapes  
No one makes it out alive  
Just like a fire in the mines

You can't make me go home  
I don't need a hand to hold  
When I'm ready to go  
You will be the first to know  
And I will see that this place  
Is laid to waste  
Aint it a shame

I've been wearing  
My heart taped on my sleeve  
I'm not afraid of the dark  
But I'm wary of sleep  
I'm dried up  
Like the corpse of a vampire  
Time is on my side  
I know I am burning  
I can't feel the flames  
But you can see the smoke for miles  
Just like a fire in the mine

You can't make me go home  
I don't need a hand to hold  
When I'm ready to go  
You will be the first to know  
Hell no  
I won't do what I'm told  
'Cuz I know

I'll be dead before I'm old  
And I will see that this place  
Is laid to waste  
Aint it a shame  
Aint it a shame  
Aint it a shame  
Maybe I'm to blame

I've changed now  
Like it's the curse of the full moon  
The night is mine  
I'm like a werewolf  
With the mind of a child  
You can plead and cry  
All I can do is smile  
If I could teach you  
Everything that I know now  
You'd never breathe again  
We've been stepping on landmines  
We've made mistakes  
And now we're gonna fucking die  
A bullet between the eyes

You can't make me go home  
I don't need a hand to hold  
When I'm ready to go  
You will be the first to know  
And I will see that this place  
Is laid to waste  
And they will rue the day  
As we dance upon thier graves  
Aint it a shame  
Baby not to me
