

Small Towns Burn A Little Slower "100 Billion Watts"

From the Father's mind You came to be
Son of Man and Hero of the fight
Greater than
Loves only enemy
You separate the darkness from the light

CHORUS:

Greater than the strongest power
Greater than the love of a hundred billion hearts
Brighter than my darkest hour
You're burning at a hundred billion watts

All creation sighs
Giving witness to the way our yearning hearts will
return
And find Your mercy much greater than the good we
left undone
A favor human nature never earned

CHORUS

As the thoughts of God begin to take their shape
The Only Son was His perfection, from the first
And everyone who wants to welcome His embrace
Knows the power of the third creation verse

CHORUS
