I've always had the dream. Now I prescribe the drive.  
20 milligrams of zeal to keep me feeling in my stride.  
As I strive to mine the gold I've been told  
Resides in the unconscious human mind.

[Pre-Chorus:]

Am I clever enough to sever the ties  
That bind me to the things that blind me?

[Chorus:]

Can I maintain, the strength, perseverance and  
patience  
It takes to leave my doubts behind me?

We are all suppressed yet sustained by the same  
things.  
Energy and our disbelief.  
Without oppression there would be no sweet relief.

[Pre-Chorus]

[Chorus]

I've been shown that the path is only as clean as my  
nose  
And the answers just as close.  
So I sort my morals from manipulation.  
Integrity over self-degradation.

[Chorus]
