#### Verse 1

Way back before she hit the scene and she became the indie queen.  
she was a girl with nothing big to say.  
her mouth was full of silver spoons  
Singing her a dime a dozen tunes  
til she came up with something new to Play  
a girl so scared a pain so real a life so hard becomes a song you feel  
her tracks were leaked and all the hipsters  
freak she made herself a star

#### Chorus

She wants she wants she wants to be original  
she will she will become something remarkable  
who cares who cares who cares what stunts she has to pull  
sheâ€™ll be remade as somebody original

#### Verse 2

Way back before the interviews before her music made the news  
She was a nothing no one talked about  
a mousey girl behind the mic One more vanilla look-a-like  
til she decided to stand out  
And now its crazy clothes a brand new name a fixed up nose  
and Monster fame though she might say that she was born this way  
she made herself a star

#### Chorus

She wants she wants she wants to be original  
she will she will become something remarkable  
who cares who cares who cares what stunts she has to pull  
sheâ€™ll be remade as somebody original

#### Bridge

You can wipe away everything you are

Wake up tomorrow as a star  
There was a girl who blended in  
That was the way her life had been  
Til she decided to be someone else

Chorus

She wants she wants she wants to be original  
she will she will become something remarkable  
who cares who cares who cares what stunts she has to  
pull  
sheâ€™™ ll be remade as somebody original  
somebody originalâ€¦.  
somebody originalâ€¦.  
somebody original
