Amphetamine annie-dog  
Has her leash and a face  
Her velvet spleen her shackle spine  
Her dimond curse  
It comes with mine

A vessel she  
For violent I  
Confession arms a wake  
Mine, mine you were always mine  
Possessed by my taste

And below the angel dog  
Combs her hair and sings her psalms  
The bombs go off  
She doesn't notice  
It all goes wrong  
She sets things tragic  
She is venus  
She is mars  
She's electric  
And the struggle of

Upon my face we leave no trace  
But in her stomach mercury aged

She holds the blood  
She carves the knives  
She digs the wives in our babies

Amphetamine annie-dog  
Pulls her trash  
And her stories  
From place to place

And bed to bed  
Gives of herself and the magnet head

Another floor another ceiling  
Counting stairs with double meanings

Is it wrong to be swallowed whole

To disappear in her  
To give her the priceless peace  
Of giving up control

We tumble out into the streets  
And annie-dog she drags her leash  
Pretty face  
Ugly mouth  
Bitter bred and so released

And by the no  
And by the yes  
Annie goes if you couldn't guess

A simple man  
A sycophant  
Her elephant with the laughing call  
She wants clean sheets  
And fresh flowers  
And dental shots  
And the hong kong glue

Amphetamine annie-dog  
Has her leash and a face
