Though it seems hard to reach through this life

Your blue and hopeless life

My daydream screams bitter 'til the end

The love i share -true- selfish to the heart

My heart, my sacred heart

My daydream dream

My daydream

My daydream dream

My daydream

...

I'm going crazy

I'm going crazy

I don't want feelings

Your feelings

I have gone crazy

Motherfucking crazy

I have gone
