do you close your eyes when you kiss me  
do you close your eyes if you miss me  
and do you wonder why  
i sent for you tonight  
do you wonder why  
golden bells are ringing in the year  
through all the tears you cried for me  
i always knew you could  
so hide inside your looking-glass surprise  
the lies become the truth you hide  
the lies become the lusty night  
do you close your eyes when you kiss me  
do you close your eyes if you miss me  
and do you wonder why  
i sent for you tonight  
do you wonder why  
do you dream your dreams when you're with me  
and do you see the things that i see  
and is it true enough  
is it true of love  
secrets cloud your ears and fill your nights  
with compromise and shadows torn  
you make your way to him  
the moon becomes your silent confidant  
the one you want will stand alone  
the one you love is never known  
do you close your eyes when you kiss me  
do you close your eyes if you miss me  
and do you wonder why  
i sent for you tonight  
do you wonder why
