Goodnight to every little hour that you sleep tight
May it hold you through the winter of a long night
And keep you from the loneliness of yourself

Heart strung is your heart frayed and empty
'Cause it's hard luck when no one understands your
love
It's unsung and I say

Goodnight my love to every hour in every day
Goodnight always to all that's pure, that's in your heart

Goodnight, may your dreams be so happy and your
Head light with the wishes of a sandman and a night
light
Be careful not to let the bedbugs sleep tight nestled in
your covers

The sun shines but I don't a silver rain will wash away
The sun shines but I don't a silver rain will wash away
And you can tell, it's just as well
And you can tell, it's just as well

Goodnight, my love, to every hour in every day
Goodnight, always to all that's pure, that's in your heart
