this time i need to know
i really must be told
if its over
its up to you, you know,
the things you want to hold
I'm eaten
crashing down
crashing down again
crashing down
crashing down my friend
ive got to move it on
ive got to sing my song
while i still do
its got the best of us
its got the last few jokes
its surprising
only love yeah
only love for me
crashing down
crashing down again o
nly love yeah
only love
but where crashing down
crashing down again
this time i need to know
i really must be told
if its over
i live my life alone
my every step towards home
and let it linger
and yet it hurts me so
what are we letting go
this day is broken

crashing down
crashing down my friend
crashing down
crashing down again
only love yeah
only love
but you don't know
yeah only love

for every color doll
you trade a piece of yourself
with no reply
and who you think u know
doesn't know you at all
the drain is needless
someday you'll wake alone
and wish u never waved goodbye
but your stronger
well take up every lie
and shoot up evryone
till theres no one
crashing down
crashing down my friend
only love yeah
only love can win
well cry thease tears
cry as that so long to fall apart as a let them fall we
made you all this
