Smashing Pumpkins
"Heavy Metal Machine"

If I were alive
If I were real
Would you survive?
What would you feel?

Heavy metal
Heavy metal machine
Heavy metal
Heavy metal machine
As sentimental
As our broken dreams

Let me die for rock 'n' roll
Let me die to save my soul
Let me die, let me die
Rock 'n' roll

Let the world forgive the past
Let all the girls kiss the boys at last
Let me go, let me go
Rock 'n' roll

Heavy metal
Heavy metal machine
Heavy metal
A heavy metal machine

We're the metal
In their metal machines
Heavy metal
Heavy metal machine

If I were dead
Would my records sell
Could you even tell
Is it just as well

Heavy metal
Heavy metal machine
It's elemental
To all the rust it brings
Heavy metal

Heavy metal machine

Let me die for rock 'n' roll
Let me die and save my soul
Let me go, let me go
Rock 'n' roll

Let the world forgive the past
Let all the girls kiss the boys at last
Let me go, let me go
Rock 'n' roll

Heavy metal
Heavy metal machine
Heavy metal
A heavy metal machine

We're the metal
In their droning schemes
Heavy metal
Heavy metal machine

Will I survive
Is it up to me
Could you understand
That it's not yours to keep

Heavy metal
Heavy metal machine
Heavy metal
Heavy metal machine

Heavy metal
Heavy metal machine
Heavy metal
Heavy metal machine
