Last chance to make believe in
Always and all it seems
Train wrecks hide underneath
Your umbrella
Set the frame
Destiny, on this first name soliloquy
Tired symphonies played downward
Let me give the world to you, my love
Let me give the world to you, my love
Let me show you what I'm thinking of
Let me give the world to you, my love
So far
So far
So far
Lovers form dead excuse
And blur the lines with soul abuse
My lonesome lies just have no use around here
New skin may hold you in
But the old skin still turns us on
Flicker fades the nitrate dawn to where
Let me give the world to you, my love
Let me give the world to you, my love
Times are hard and we're the last in line
'Cause in my grief I'd forgotten what was mine
No, I wouldn't change a thing
No, I, no
No, I wouldn't change a thing
About the way you are
The distance here
The speed so far
So far
So far
So far
Let me give the world to you, my love
Let me give the world to you, my love
Let me give the world to you
Let me give the world to you
Let me give the world to you
Let me give the world to you
Let me give the world to you, my love
So far
So far
