Come on, let's go
I'll find you waiting there
Beyond their violence dared
A light around your soul

You could be my friend
Lovely and different
Crushing up the stars above us
A guarantee to spoil our rot

Tears were once my only way back home
Someone speaks and instantly, I'm cold
Come on, let's go, come on, let's go

Beyond the great unknown
Beyond their punched-up skulls
To die upon this road

Come on, let's go
Come on, let's go

Anesthetized, I'm hollow
Playing to the dark back row

Come on, let's go
Go, come on, let's go

Assimilate, it's all been staged
I've made mistakes, they penetrate
They're gonna take, it's all the same
They cannot wait, their love spells hate

I wanna love, I wanna love
I'm pushing back, I'm serpentine
I'm pushing back

Lord, save me, with need
Lord, walk me home

Come on, let's go
Come on, come on, let's go

Tears were once my only way back home
Someone weeps and instantly I'm thrown
Come on, let's go, come on, let's go
Go, come on, let's go
