If I was...

I'd turn back

Give up all my reasons

Forget the past

You think I'd swallow...

Bearing the weight of the ceilings

Just to stop and [ask?]

Fluorescein

Fluorescein

Fluorescein

Fluorescein

They give you this

They take away that

Fluorescein

They'll be no rallies

They'll be no long last...

Empty on the inside

Running out of the last protests

Standing by the feeling of an end

[Stowaway or slow away?] [lights or life?]

Runaway [love or life?]

When they lit you up

You shut me out

They gave me the keys so I could show you around

But we were not around

Ominous of a day dream of a cottage [abound?]

Fluorescein

Fluorescein

Fluorescein

Fluorescein

They give you this

They take away that

Fluorescein

They'll be no rallies
They'll be no long last...
Coming [or cutting?] out of the spotlight
Running out of the last protests
Standing by the feelings of an end

[Stowaway or slow away?] [lights or life?]
Runaway [love or life?]

Please come back
Please come back
Please come back, pale horse
Please come back
Please come back
Please come back, pale horse

Please come back
Please come back
Please come back, pale horse

Please come back
Please come back
Please come back, pale horse
