Rise
Love is here
Don't make me wonder
Lights never clear
Trace those wounds
Use the views
To build don't prove
Don't make me suffer
Birds from the wind, [and will]

Rest in the chains of desire
Run thru the veins of tonight
Stroll across the years [... of] your life

There's a sun that shines in
There's a world that stares out of me
[Out of me/out of the breeze], to [thee -it just sounds
like it, really!]

Wake, love is here
Don't make me suffer
[To dash debonair]
[Trace those wounds]
[Use the pain, hide those blame]
Don't make me wonder
To ask what we have [in you]
You, where are you?
Where are you?
Where are you?
There's a sun that shines in
There's a world that stares out of me
All out of you, it's real
There's a sun that shines in
There's a world that stares out of me
All out of you
And all out of you
It's there

There's a sun that shines [in you]
There's a sun that shines
There's a sun that shines [in you]
