=====  
Smashing Pumpkins - Razor  
=====  
Razor in my hand  
Nine little lines in someone's hand  
Shot down from this group  
I wish for something and I know it isn't home  
Razor in my hand  
Six little lines in someone's hand  
Lay down, rest your head  
You reach for something, and you feel something sting  
Razor, razor, razor, razor  
Want it  
Now you rip apart who you are  
Deliver  
Yeah, you deliver who you are  
Oh, razor  
My little razor  
Oh, razor  
I wanna go  
I wanna go  
I'm like a junkie, I want it all  
I wanna go  
Want it  
Now you rip apart who you are  
Deliver  
Yeah, you deliver who you are  
Oh, razor  
My little razor  
My little razor  
I wanna go  
I wanna go  
I'm like a junkie, I want it all  
I wanna go
