Speed kills
But beauty lives forever
Speed thrills
But beauty knows your name
I Fell I'll inside eternal winter
And Stood still beside eternal flame
Because when I ride
With you tonight
We can move
At the speed of light
And all I ask and all I pray
Last rose of summer will stay
Last rose of summer will stay
First time that I ever saw you
Crashing hard through days of pain
You were one of god's children
Left to cry out in the rain
Waiting to be saved again
When I ride
With you tonight
We can move
At the speed of light
And all I ask and all I pray
Last rose of summer
Last rose of summer
Last rose of summer is gone
Long gone
Gone
Last rose of summer is gone
Cause when I ride
With you tonight
We can move
At the speed of light
Forever young
Forever blind
Into the stars
We rock tonight
The last rose of summer
The last rose of summer
The last rose of summer is gone
