Born of love and cast in light  
Don't you know we cannot die

We are stars  
We are  
We are stars  
We are  
We are stars  
We are

The stars above, stars of grace  
Shining down what's left of face

You hurt so bad  
This knowing, this fallacy  
I want so much  
To follow as I lead

For love I keep  
Silent I weep  
Dead suns rule dead air  
But heaven is everywhere  
Stars...

Torn from god and flung towards night  
Don't you want what I can't fight  
We are stars  
We are  
We are stars  
We are  
We are stars  
We are

The stars that shine, stars that bleed  
Silver seeking destiny  
So follow please

This hurts so much  
This knowing carries me  
We want so bad  
We forget we are free

Spirit smile on  
Deep black diamond  
So rise the lost toys  
Island of white noise  
And purple haze

We are stars  
We are stars  
We are stars

What hurts so much  
Is knowing we are free
