=====  
Smashing Pumpkins - Summer  
=====

in the summer i can breathe  
i don't need a single thing  
and all the love you give  
is so sweet

in the winter i can read  
all those books you gave to me  
and all the words of faith  
are bound to waste

worn and torn from the outside  
a love that's strong every time  
still you vanish in the night  
hey love  
hey love  
hey love

jack and rosemary  
said love will calm their hearts  
never any moment  
still devout

a child that can change  
i blessed on the stage  
i lost the changes  
we give each day

worn and torn from the outside  
a child gets born it's divine  
a love that's strong every time

do you feel anything  
can you explain  
if i change  
ooh ooh

worn and torn from the outside  
a love that's strong as the tides

and still you vanish in the night  
hey love  
hey love (well come on darling)  
hey love (well come on feel)
