I don't know just where you've been

But I'll take take take

All that you have for me

In sin

Where are we going?

And they all want you to change

And they all want you to change

And the sad sad sad

All the sad faces drown

In this town

Where are we going?

And they all want you to change

Where are we going?

And they all want you to change

Where are we going?
