I don't want to fight  
Every single night  
Everything I want is in your eyes  
You and me go back  
To places I don't know to care  
The spoils of all I got were left for scraps

Don't let me say this  
But you're no worse than me  
It's crazy

We are the real  
If real ever was  
And just because  
We are the real  
They feel we have enough  
We are the real  
'Cause someone gave us up

I want to be there when you're happy  
I want to love you when you're sad  
Can't stand the morning rain?  
Get out I'll take your place then  
Can't stand the blazing sun?  
Then close your eyes you'll see  
The angel dust

I don't want to be  
Anything believed  
A million watts of sound can't compare  
Come along you'll see the world  
The pulse ripples, the crowd unfurls  
The current starts to flow and then you're on

Oh it's white hot soul they want  
To sing for

We are the real  
If real ever was  
And just because  
We are the ruin  
Of every living soul

We are surreal  
Cause someone gave us up

Don't break the oath  
I want to love you when you're happy  
Don't break this oath  
I want to be there when you're sad  
Freeze-frame the pouring rain

We are the real  
As real as any ghost  
So easy now  
We are the real  
In ever living soul  
Oh don't they know?

Can't stand the blazing sun?  
Can't stand the morning rain?  
Oh get out I'll take your place again

I don't want to be alone  
I don't want to be alone  
I don't want to be alone at all  
If it's a white hot soul they want  
Then a black heart they'll get
