She didnt wanna be, she didnt wanna know
She couldnt run away cause she was crazy
She gave it all away, she saw her baby break
And in the air it hung that she was dull razors
And I said, I wanna fill you up, I wanna break you, I
wanna give you up
From one another, another one should come to one
another
No one should come between us
Still I was lonely, and she was by my side, my one and
only
Knows that she could never hide
I couldnt feel her, and it was just a game,
Cause I was lonely and she was crazy
Rat-tat-tat, ka boom boom, now take that, and just a bit
of this
Cause Im a watcher, and Im a doer of none
Come to save you, cause youre all mine
I hurt where I cant feel, I feel where I cant hurt
I know where I cant know, I bleed for me and mine
Ka-boom, a rat-tat-tat, and some good ole bliss
Cause Im a sister, and Im a motherfuck
I am made of shamrocks, I am made of stern stuff
I am never enough, I am the forgotten child
And I said I wanna fill you up, I wanna break you, I
wanna give you up
From one another, no one should ever come
In between us, between us and our love
Mary had a little lamb, her face was white as snow
And everywhere that mary went I was sure to go
Now marys got a problem, and marys not a stupid girl
Marys got some deep shit, and mary does not forget
And this is how marys garden grows, and this is how
mary has her ghosts
And into the eyes of the jackyl I say ka-boom
Now we begin descent, to where weve never been
There is no going back, this wasnt meant to last
This is a hell on earth, we are meant to serve
And she will never learn [she will never learn]
Bye bye, baby goodbye [bye bye]
