(feat. Louise Decordova & Rudy Lee)

We're living in a serious time

Life has its way of showing you a new day, new day,
yeah

Life has its way of showing you a new day, new day,
yeah

New day, new day, yeah, new day, new day

We're living in a serious time

We're living in a serious time

Life has its way of showing you a new day, new day,
yeah

Life has its way of showing you a new day, new day,
yeah

Life has its way of showing you a new day, new day

We're living in a serious time

You've got to try and make it right
