(feat. Caroline)

Pathways to the sun
Rise like brothers, shine like sisters
To these hands we hold, to these hands we hold

Through colors of the minds
Rise like brothers, shine like sisters
To these arms of mine, to these arms of mine

Don't don't don't hold back
Don't hold back, don't don't don't
Don't hold back, don't hold back

Pathways to the sun
Rise like brothers, shine like sisters
To these hands we hold, to these hands we hold
Rise like brothers, shine like sisters

Through colours of the minds
Rise like brothers, shine like sisters
To these arms of mine, to these arms of mine

Don't don't don't hold back
Don't hold back, don't don't don't
Don't hold back, don't hold back don't

Rise like brothers, shine like sisters
To these hands we hold
Rise like brothers, shine like sisters
To these hands we hold
Rise like brothers, shine like sisters
To these hands we hold
Rise like brothers, shine like sisters
To these hands we hold
Rise like brothers, shine like sisters
Rise like brothers, shine like sisters
Rise like brothers, shine like sisters
