(feat. Hazel Jayne)

You said always if you didn't mean it
Then you really shouldn't say
Then you really shouldn't say
My love for you feels like
Feels like the rain
Falls down to the ground soft
Feels like you again

And through I still pretend
That I'm not in love with you
It's plain to see
We try just to be friends
But it's impossibility yes
It's plain to see

And through I still pretend
That you will fall in love with
That you will fall in love with
That you will fall in love with
It's plain to see, it's plain to see
It's plain to see, it's plain to see

You said always if you didn't mean it
Then you really shouldn't say
And though I still pretend
That you will fall in love with me
It's plain to see
That you and your new friend
Already getting busy
It's plain to see

And through I still pretend
That you will fall in love with
That you will fall in love with
That you will fall in love with
It's plain to see, it's plain to see
It's plain to see, it's plain to see
