The wind is moving but I am standing still  
A life of pages waiting to be filled  
A heart that's hopeful, a head that's full of dreams  
But this becoming is harder than it seems

Feels like I'm looking for a reason, roamin' for the night  
To find my place in this world, my place in this world  
Not a lot to lean on, I need Your light to help me find  
My place in this world, my place in this world

If there are millions down on their knees  
Among the many, can You still hear me?  
Hear me asking, where do I belong  
Is there a vision that I can call my own?

Show me, I'm looking for a reason, roamin' through the night  
To find my place in this world, my place in this world  
Not a lot to lean on, I need Your light to help me find  
My place in this world, my place in this world

Lookin' for a reason, roamin' through the night  
To find my place in this world, my place in this world  
Not a lot to lean on, I need Your light to help me find  
My place in this world, my place in this world

Lookin' for a reason, roamin' through the night  
To find my place in this world, my place in this world
