"Alsatian Cousin"

Were you and he Lovers?
and would you say so if you were?
on a forecourt
on a Friday
passing my way
Were you and he Lovers?
and if you were, then say that you were!
on a groundsheet
under canvas
with your tent-flap
open wide
A note upon his desk:
"P.S. Bring Me Home And Have Me!"
Leather elbows on a tweed coat
- Oh! -
Is THAT the best you can do?
So came his reply:
"...but on the desk is where I want you!"
So I ask (even though I know):
were you and he Lovers
