When your gift unfurls  
when your Talent becomes apparent  
I will roar from the stalls  
I will gurgle from the circle  
The Saints smile shyly  
down on you  
they couldn't get over  
your nine-leaved clover  
Lucky lisp was not wasted on you  
lucky lisp was not wasted on you  
When your name is with the best  
will my name be on your guest list?  
I will roar from the stalls  
oh the balcony fool was me, you fool  
Jesus made this all for you, love  
He couldn't get over  
your Grandma's omen  
Lucky lisp was not wasted on you  
lucky lisp was not wasted on you
