She is a groupie but she never sings my song  
She is a groupie but she never knocks my door  
She is a groupie and no matter what I say  
She is a groupie but she never goes my way

I understand that I fell in love  
Because I hate you, yeah!

She is a groupie but she never gets my hope  
She is a groupie but she never gets my love  
She is a groupie and no matter where I say  
She is a groupie but she never said my name

I understand that I fell in love  
Because I hate you, yeah!

She is a groupie  
Yeah yeah yeah yeah yeah!  
She is a groupie  
Yeah yeah yeah yeah yeah!  
She is a groupie  
Yeah yeah yeah yeah yeah!  
She is a groupie  
Yeah yeah yeah yeah yeah!

I understand that I fell in love  
Because I hate you
