All of our time, all that fades away

It drifts in pain for so long

You destroyed my definition of family

By leaving me I was so young

You weÃf'Ã,'re always fighting, and suddenly you ran away

Not once you called me and still youÃf'Ã,'re pissed that I changed my name

Never said youÃf'Ã,'re sorry, you never showed no interests in me

IÃf'Ã,'m ashamed of every piece of you inside of me

Changing fate, Ãf'Ã,'cause I am erasing

every piece of you inside of me

All my life you did nothing to raise me

Now your name means nothing to me

First I missed you I felt so alone

and wrecked the home I lived in

Lost and strayed I couldnÃf'Ã,'t find the help

to stop myself from spinning

I was always fighting and all the time I ran away

Not once I called in, becoming more the man I hate

I have to stop me, soon I've got to change myself

Erasing every piece of you inside of me

Now, you mean nothing to me

A bad memory, so I will erase it

Now I, I want nothing from you

What you've put me through will you ever regret it

(you've let me down)
