How many times, yeah how many signes
Does it takes for me to make up my mind
Now it's the time to confess my crimes
But I can't decline all the beauty I find
That's my girl with the look to kill
And I can't reveil all the doubts I feel
'cause she equals troubles
And she equals fights
She equals sex and incredible nights
But I just wanna be with you o aha
Deep down I know I gotta go
But there's something about you I can't say no
Only wanna fuck with you o aha
Just one more time to free ourselves
Don't wanna be my elf I get some one else

This is the last time

Once again she invites me inn
And I don't know why did I begin
There's a whole lotta fish and I'm just looking at one
Gotta get it over with I gotta move on
Every time I say no keeps you begging for more
So I don't even know what I'm saying no for
I'm saying this once never again
This is the last time that i'm coming inn
I just wanna be with you o aha
And deep down I know I gotta go
But there's something about you I can't say no
Only wanna fuck with you o aha
Just one more time to free ourselves
Don't wanna be my elf I get some one else

So I'm a main mother fucker
An asshole on first sight
But if that's what you're screaming
Then why we'regetting down tonight

For real
No more lies

Guess what

For real
What you're thinking
Never again no
No more lies
