Gotta go when you ask me too many things

I know it

And if you say it

You gotta help me now

And if you want it

I gotta go now

I can't help you anymore

I think I've got to say this

Now, I've got my own daydream mind to dream about

And I've got my own problems to fix

I'm gonna go now

And I know what's wrong with you

You ask for too much things

When you know you already have it

And, I gotta say this

Just sing that you gotta go ah-yourself now

I can't help you go

Now, I've got my own problems to fix

I've got my own daydream mind to dream with

Gotta go, gotta go

And I don't know
