

## **Smoosh "Promises"**

Visit "[Promises](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Those good times, they never last  
Looking out my window making promises  
I watched it in my head so many times  
Looking over every single "thought" like you didn't  
know

Those promises, they went away  
Like everything  
Oh...

Those good times, they never last  
Looking out my window making promises  
I watched it in my head so many times  
Looking over every single "thought" like you didn't  
know

Those promises, they went away  
Like everything  
Oh...
