Sometimes you have bad days  
Days when you think nothing can bring you up  
But if you've got a girl you got nothing to worry about  
Just Listen here and we will tell you just what's up

Grab your girl and have some Dixon cider  
And show her love with your Dixon cider  
And fill her full with lots of Dixon cider  
In her mouth all flowing down inside her

And grab a grandma get some Dixon cider  
To old to handle all the Dixon cider  
And show her family your Dixon cider  
In her mouth all flowing down inside her

You might not get it yet so I'm gonna tell you again  
(Hey hey ho)  
Then you can shout it out and go tell all of your friends  
(Hey hey ho)  
I love Dixon cider and I will till the day that I die  
(Ooooh)  
I would even choose it over  
Oh umm \*sigh\* I guess pie

It makes me feel so good  
I wanna have more Dixon cider  
If I don't get enough I will beg and plead  
Cause girl you know just what I need

I'm on a mission for some Dixon cider  
If you got a woman then you best go hide her  
Cause I will find her give her Dixon cider  
Push and shove it all down inside her

Make her thirst for the Dixon cider  
Put it on a string so I can ride her  
All day every day Dixon cider  
Can't wait to pour it all inside her

Dixon cider

I was 13 when I had my first Dixon cider  
I had so much when I talked I would slurr  
My parents didn't like it there was nothing they could  
do  
Then my mama tried it she started slurring too  
My dad said no more Dixon cider till your older  
I said hell no so I rolled him over with a boulder  
Now my ass is stuck in this crappy foster care  
Can anyone save me from this killer bear  
No no get away from me bear no nooo  
(Aaaggh)

It don't matter who you are  
White black Asian or Hispanic  
There's no need to panic  
You know that shits organic  
If you don't get enough  
It can make you go nuts  
(So good)  
Grab your Dixon cider  
(So good)  
Wash it down with doughnuts

Grab your grandma get some Dixon cider  
Sweet sweet love you will provide her  
Fill her full with lots of Dixon cider  
In her mouth all flowing down inside her  
Then shovel her with Dixon cider  
With all your clothes in that's what I prefer  
Show your love with Dixon cider  
Push and shove it all down inside her

So That's the deal and I hope you understand  
We want the whole world with Dixon cider in it's hands  
If your wondering what this song is really all about  
We're talking about shoving penis is your mouth

Yeah!
