As if you turned around or disconcerting  
Sound replaces silence  
And if you wonder why I wouldn't try to rhyme  
My past with yours  
But then you turn your eyes away

And when it's sleepy time  
The list is so sublime, I have to choose  
The story's long enough  
And with the proper touch, how can I lose?  
But then you turn your ears away

And then you inch right in  
But nothing you have is for me  
?Cause when we are skin to skin  
A piece of your heart for mine  
Well, that's a different story

And when you want to try  
I wouldn't tell you why or whatever for  
You needn't even ask why  
I'm not quite up to task for your revival  
So then I turn my heart away

And then you inch right in  
But nothing you have is for me  
?Cause when we are skin to skin  
A piece of your heart for mine  
Well, that's a different story

And when I say goodbye  
I won't shed a tear

I'm mad about you but try  
Well, that's a different story  
I'm mad about you but try  
Well, that's a different story

I'm mad about you but try  
Well, that's a different story

That's a different story

Yeah, that's a different story  
Yeah, yeah, yeah
